## PROFILE

Proficient developer with a passion for algorithmic problem-solving and data structures. Experienced in various programming languages and frameworks, with a strong foundation in software development principles. Actively pursuing knowledge in data structures and algorithms to enhance problem-solving skills and contribute effectively to challenging projects.

## SKILLS

- Web Developer
- Java
- Data Structures & Algorithms
- Front End Coding
- Problem-Solving
- HTML
- CSS
- Javascript
- Bootstrap
- React js
- C, C++, Python (intermediate)
- Strong Communication

## EDUCATION

### HIGH SECONDARY SCHOOL

Excellence School Seoni (MP)  
[P-C-M] 2019 - 2020

### POST GRADUATION

LNCT University BHOPAL  
[Master of Computer Application]  
SGPA : 7.11 (1st semester)  
2023 - 2025

## PROJECTS

### TECH-FREAK (REACT JS WEBSITE) SOURCE CODE

A website crafted with React.js and SCSS. This website isn't just a collection of pages; it's a showcase of My understanding of React.js fundamentals, ability to create engaging user interfaces, and flair for animation. With pages like 'Home', 'Services', and 'Contact', the website is a comprehensive platform brought to life with creative animations. Also worked on responsiveness.

### SPOTIFY SOURCE CODE

This is not exactly a Spotify but I primarily Focused on a song manipulation.  
In this project, you can play, pause, skip to the previous or next song, and change the song by selecting it within the duration period, and more functionality.

### ANIMATED FOOD & HOTEL

I've crafted a captivating food website using HTML, CSS, and JavaScript, enhanced by the powerful animations of the GreenSock Animation Platform (GSAP). By incorporating GSAP, I've achieved smooth transitions and dynamic effects, making my website visually appealing.

## HOBBIES

Singing allows me to express myself through music, And editing lets me unleash my creativity by refining videos or music, and playing basketball keeps me active and engaged in a team sport. these are my favorite hobbies.
